

BIOGEMON

6th International Symposium
on Ecosystem Behaviour

2009

Photo: Erkki Oksanen, Metla

June 29th – July 3rd 2009
University of Helsinki, Finland

- Integrated monitoring and modelling
- Forest – atmosphere interactions
- Hydrological drivers
- Peatland biogeochemistry
- Microbial/rhizosphere dynamics
- Isotopes and tracers – applications
- Bioenergy – biogeochemical impacts
- Archives of past environmental changes
- Biogeochemical cycles (e.g. N, C, trace elements)
- Ecosystem manipulations/restoration/rehabilitation
